A. Butler

for COUNTY SECRETARY

Date: 21ST SEPTEMBER, 2000

See final page for details of appeal procedures.

SCHEDULE

1. No other development, whether or not "exempted development" shall be carried out within the site without prior written agreement of the Planning Authority.

Reason: To cater for orderly development.

ADVICE TO APPLICANT

Duration of Permission

The permission to be issued (hereinafter referred to as "the permission") will cease to have effect in five years from the date of issue as regards any part of the development not completed by that date. Where the development has not been completed but substantial works have been carried out pursuant to "the permission" during the said five years, an application to "extend" "the permission" may be made. Such application shall not be made earlier than one year before the expiration of "the permission".

Connection to Council Services:

Where the development involves connections to the Council's Sanitary Services a separate application for permission for such connections and associated road openings is required. (Separate fees are payable in addition to any development charges levied). Such application for permission must be made and approved by the Council before commencement of any works on the opening of road, verge or footpath, as appropriate, for the purpose of making the connections.
